HOME DEPARTMENT

MEMORANDUM NO.69526 Transport II/53-2, dated 3-4-1953.

\*\*\*

Sub: Motor Vehicles - Stage Carriages - Cases of grant of two or more stage carriage permits on a route - Regional Transport Authority's orders reversed on appeal by the Central Road Traffic Board - Instructions for drafting appellate orders.

It is observed from the appellate orders of the Central Road Traffic Board in a few cases recently that when two or more stage carriage permits are granted by the Regional Transport authority on a particular route to different operators and the Central Road Traffic Board upsets the grant and awards the permits to other operators, the appellate orders do not indicate which of the respondents is selected in place of each of the Regional Transport Authority's grantees. For example, if the Regional Transport Authority grants a permit each to 'A' and 'B' on a route, the Central Road Traffic Board sets aside both the grants and selects 'C' and 'D' for the permits, the order does not say whether 'C' is selected against 'A' or 'B' and similarly whether 'D' is selected against 'A' or 'B'. When only one of the parties A or B comes up to Government in revision and asks for stay, the difficulty arises as to which of the grants should be stayed. The Secretary, Central Road Traffic Board, is therefore requested to see that in future the orders of the Central Road Traffic Board make it clear in awarding a permit to each of two or more appellants before it the particular operator whose permit is set aside for awarding to the particular appellant.
